

# Cloud Cost Optimization Service

**Maximize** savings with zero sacrifice to **performance**.

Say goodbye to overprovisioning, idle resources, and confusing cloud pricing models. With Cloud Cost Optimization Service, gain full visibility and control over your cloud spending by taking advantage of technology, a FinOps-based service, and our expert guidance.

## Cloud Cost Optimization Service is...

## With reports delivered your way,

### STANDARD & ON-DEMAND

Standard and custom reports based on your KPIs

### HISTORICAL

Select any date range on which to base a report

### STAKEHOLDER-CENTRIC

Dashboards and reports for any stakeholder - executives, finance, engineers, product owners

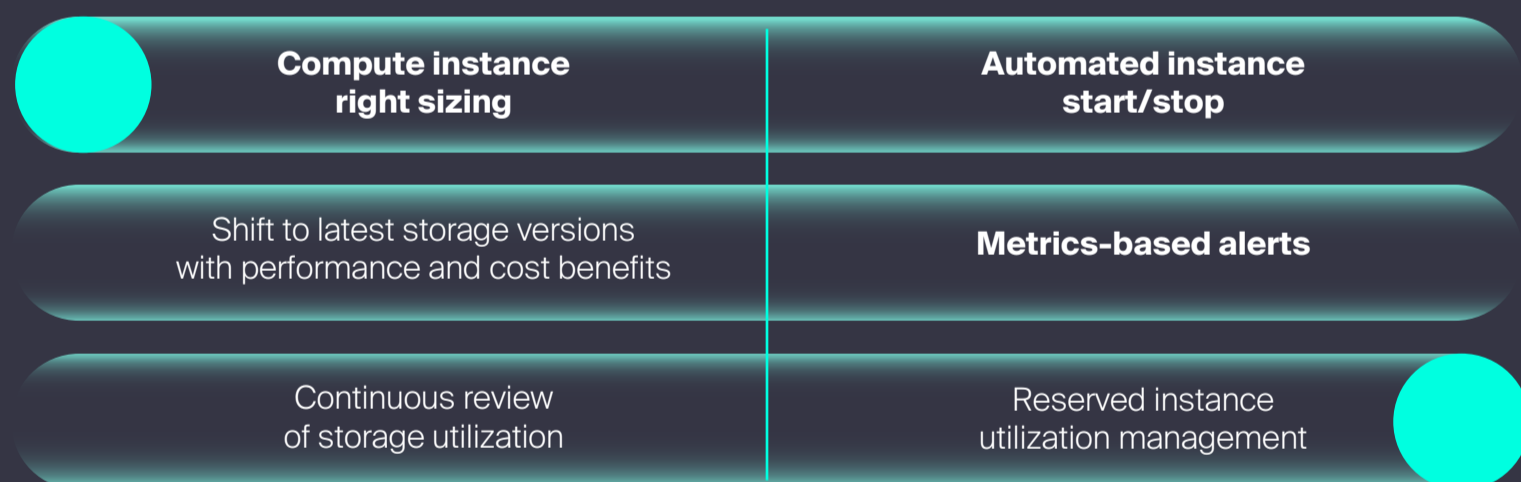

### FLEXIBLE

Group reports by service areas/business units

### DETAILED

Reveal the cost of your workload, regardless of the configuration and services consumed

## Input aligned to finops practices,

## And outcomes where the sky is the limit.
