

DISCOVER, IDEATE AND PILOT DIGITAL TRANSFORMATION CAPABILITIES

A FAST-EVOLVING DIGITAL WORLD

Time is of the essence. The faster an organization can identify business-transforming technologies, the faster leaders can ideate new government scenarios; and the faster these ideas can be put into action, improving the chances to be the disruptor and not the disrupted.

SOFTTEK'S DISTRIBUTED AGILE DELIVERY TENETS

As the leading provider of distributed agile development services, we understand the importance of a product-centric approach. Combined with our solution accelerators, agile methods, automation platforms and low code-no code expertise we can slash time-to-market, optimize development cost and maximize code quality

LEAN-AGILE MINSET

Focus on accelerating your product development roadmap

Strong alignment to Value Streams and a customer-centric culture

TRULY AGILE NETWORK

15 Global Nearshore™ Delivery Network and distributed agile model

Stay truly agile with "Share the Sun" location model

FLEXIBLE TEAM MODELS

Complement your teams, or run entire programs

Source dynamically as your digital platforms and needs evolve

VALUE ACCELERATION

Powered by 20 CoEs and CoPs incl. LACE, DevOps, AppSec, H(a) & SRE

Accelerators and low-code expertise to further speed-up value

Softtek created in weeks what would have normally taken many years of development. How do you that?"

CIO

Achieved 5.6M+ digital transactions, duplicating sales volume through the app (in the 4 countries implemented)

7x growth in kiosk use and almost 3x growth in number of sales using credit card

Sentiment analysis ↓ 80%+ positive conversations in social networks

Global presence providing 24x7 coverage

Founded in 1982 by a small group of entrepreneurs, Softtek started out in Mexico providing local IT services, and today is a global leader in next-generation digital solutions. The first company to introduce the Nearshore model, Softtek helps Global 2000 organizations build their digital capabilities constantly and seamlessly, from ideation and development to execution and evolution. Its entrepreneurial drive spans 20+ countries and more than 15,000 talented professionals.
