

TRANSFORMING THE TRAVEL INDUSTRY WITH AGILE & DEVOPS

KEEPING PEOPLE MOBILE. IT'S WHAT YOU DO.

Today, getting people from point A to point B has to do with the speed of the enterprise, not the vehicle. Travel and transport orgs need new ways to delight passengers under an effective business model—but doing so has become a journey of its own.

KEEPING YOUR ENTERPRISE MOBILE. IT'S WHAT WE DO.

Softtek has more than 35 years of experience helping clients move people across the skies, roads, waters, and tracks by driving our clients' own transformation.

HOW DO AGILE AND DEVOPS DRIVE YOUR BUSINESS MOBILITY?

Agile and DevOps align technology and processes more closely to underlying business goals. Deliver faster with confidence.

It's disruptive:

Create new passenger value before the competition. Foster a proactive state of operations.

It's future-proof:

Expedite a pipeline of essential products and solutions for today and down the road.

It's transparent:

IT and development teams work harmoniously with business areas to address new digital initiatives.

It's secure:

Keep security and quality assurance a priority with early feedback loops, automation, and powerful workflow tools and practices.

WHAT'S BEHIND OUR AGILE AND DEVOPS CAPABILITIES?

Agile Development

Top technology talent available to complement your teams or run entire development programs.

Agile Transformation

Technology evolution and Agile expertise for our clients' own Agile journey.

Agile Development

Fast time to market with continuous integration and continuous delivery to never sacrifice functionality and code quality.

Founded in 1982 by a small group of entrepreneurs, Softtek started out in Mexico providing local IT services, and today is a global leader in next-generation digital solutions. The first company to introduce the Nearshore model, Softtek helps Global 2000 organizations build their digital capabilities constantly and seamlessly, from ideation and development to execution and evolution. Its entrepreneurial drive spans 20+ countries and more than 15,000 talented professionals.
