

SOFTTEK & AWS

The new digital enterprise must be agile, dynamic and capable of evolving at a rapid rate. 51% of cloud adoptions on average are reported as stalled or failed, according to analysts' data. Softtek relies on industry best practices that streamline the path to a successful AWS cloud migration, aligned to both business and technical requirements.

WHY SOFTTEK + AWS?

As an AWS Advanced Consulting Partner, Softtek is uniquely positioned to help customers design, build, migrate, deploy, run, and manage applications in the AWS cloud. We deploy and implement AWS's flexible and secure Cloud IT infrastructure platform to help clients achieve up to 70% cost reductions.

Access to talent & domain knowledge

Softtek consultants are trained in both business and technical areas through the AWS Partnership Network. Our ongoing communication with AWS Architects allows us to validate our solutions and better provide value to our customers.

AWS Cloud Center of Excellence (CoE)

Softtek's Cloud CoE is based around a multi-layer framework dedicated to providing specialized architecture and cloud management, and ensuring operational excellence.

TRANSFORM YOUR ORGANIZATION WITH THE AWS CLOUD

Whether you are starting your cloud adoption journey or already have cloud presence and need to expand your footprint, Softtek can assist in designing, architecting and assessing small, medium or complex cloud computing solutions that best suit your business needs.

THE CLOUD IS HAVING A MEASURABLE IMPACT ON BUSINESS

20.66%
Average improvement in time to market

19.63%

Through our certified Cloud & AWS technology Center of Excellence, we provide the right talent, proven methodologies, processes, and best practices to deliver IT AWS Cloud Management services of the highest quality.

We carefully assess your business objectives and apply our industry and technical experience to help transform the way your organization operates with the AWS cloud as its foundation.

Founded in 1982 by a small group of entrepreneurs, Softtek started out in Mexico providing local IT services, and today is a global leader in next-generation digital solutions. The first company to introduce the Nearshore model, Softtek helps Global 2000 organizations build their digital capabilities constantly and seamlessly, from ideation and development to execution and evolution. Its entrepreneurial drive spans 20+ countries and more than 15,000 talented professionals.
