

ACCELERATING THE FUTURE OF HEALTHCARE

INDUSTRY VALUE PROPOSITION

Improving Care Quality Through Technology

Healthcare organizations face the challenge of increasing access to care while making it more affordable, simplifying the patient experience with transparency and personalization, and ultimately enhancing clinical outcomes through analytics and advanced digital capabilities. We help payers, providers, and public health entities worldwide through cloud-based solutions that enhance resource capacity, workforce productivity, and data connectivity to deliver personalized services across various channels.

SAP

Founded in 1982 by a small group of entrepreneurs, Softtek started out in Mexico providing local IT services, and today is a global leader in next-generation digital solutions. The first company to introduce the Nearshore model. Softtek helps Global 2000 organizations build their digital capabilities constantly and seamlessly, from ideation and development to execution and evolution. Its entrepreneurial drive spans 20+ countries and more than 15,000 talented professionals.
