

## DIGITAL HEALTH CHECK UP

A structured digital maturity diagnostic designed for clarity, measurable impact, and accelerated transformation.

### Why digital clarity matters now

Healthcare organizations face fragmented systems, manual workflows, rising cybersecurity risks, and unclear digital priorities—conditions that increase operational strain, clinical risk, and pressure on care teams.

### What we assess

Dimensions are evaluated independently and integrated into a unified maturity profile.

- **Strategic alignment** - Leadership, governance, digital vision
- **Technology & systems** - Architecture, HIS/EMR, interoperability, resilience
- **Processes & journeys** - Clinical/admin workflows, patient & clinician experience
- **Cybersecurity & digital trust** - PHI protection, IAM, incident readiness, continuity

### How it works (6-8 weeks)

Executive interviews, document review, system and workflow analysis

Quantitative maturity scoring, qualitative evaluation, benchmarking

Prioritized, execution-ready transformation roadmap

### OUTPUTS AND OUTCOMES

Executive grade deliverables that support real execution.

#### Core outputs
