

DORIS SEEDORF

CEO OF SPAIN

Doris is currently in charge of Softtek's management and operations in Spain, as CEO for the market.

During her more than 30 years of experience in the IT industry, she has contributed to the creation of offerings and services that today form part of the organization's great achievements. Over the course of three decades, she has held a variety of roles within the company, including Project Leader, Director of Business Units, Sales Director for the Mexican market, and Business Partner. Prior to her current position, she was Chief Corporate Development Officer, responsible for consolidating current operations and opening new opportunities for growth within Europe.

Doris started her career in Softtek 30 years ago, and has served in different roles including Project Leader, Director of Business Units, Sales Director for the Mexican market, and Business Partner.

Doris' visionary capacity and her commitment to set objectives that are increasingly ambitious, have transformed her into an esteemed leader and have helped extend her influential mark not only in Spain—where she is based—but to many other regions where Softtek operates. Doris holds a degree in Cybernetics Engineering and Computer Sciences from Universidad la Salle, in Mexico City.
