

GLOBAL PROCUREMENT TRANSFORMATION SOLUTION

With spend being almost 50% or more of price of product or service how effective is your organization spend managed? What is the base cost of the procurement organization? How is spend analyzed? How is strategic spend contracted? How are contracts managed through the life cycle?

Global Procurement Transformation (GPT) is part of Softtek's family of Business Process as a Service (BPaaS) solutions. Softtek's GPT helps large and complex organizations to maximize the strategic contribution of their global procurement process, delivering value in the strategic sourcing, category management and buy-to-pay capabilities.

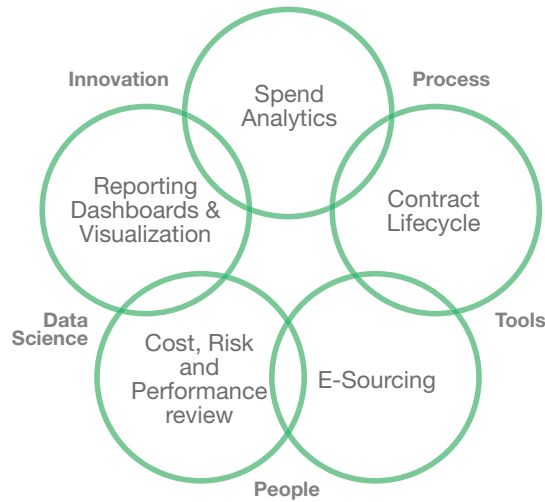

Through GPT Softtek helps its clients to:

- Drive efficiency in the procurement transaction processes
- Analyze spend to determine trends, Outliers, patterns and seasonality and define strategies
- Drive category Management and effectively contract and manage it through the life cycle

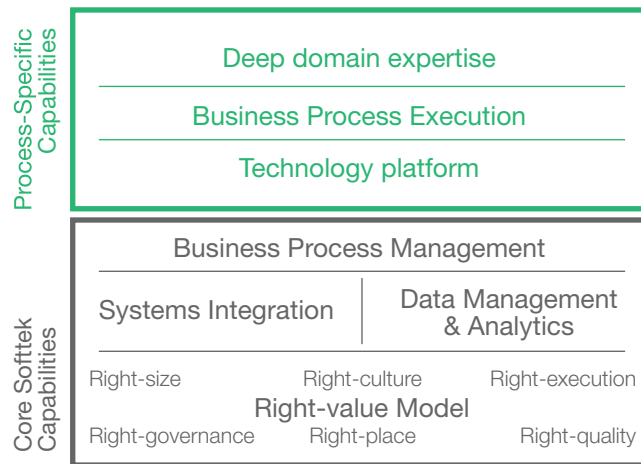

GPT provides short, mid and long term efficiencies in the procurement function:

	Year 1	Year 2 - Year 3	Year 4 - Year 5
Buy-to-pay	Supplier on boarding P2P transacions Cash payment:analysis Compliance/Risk review	Self service PO E-invoicing Supplier punch-outs Critical price books	Marketplace Services Catalogs P2P Collaboration
Category management	Category Spend analytics Common Taxonomy Supplier consolidation Preferred/critical supplier	Preferred supplier strategies Market data inputs Channel strategies	Indexed contracts Aggregators / ISM DMP / Cost out DMP= Direct Material Productivity ISM= Integrated Supply Management
Strategic sourcing	Spend Portal/ collaboration Contract management RFX of vital few Spend Analytics - slices	Market data inputs Channel strategies BCC Sourcing	Contract Lifecycle Predictive Analytics Supplier Perf. Analysis

GPT combines the right knowledge, processes, tools, analytics and innovation to transform the procurement function into a high-performance and value-driven asset for the organization.

Like all of Softtek’s BPaaS solutions, GPT draws from a combination of deep global procurement expertise, outstanding process execution and best-of-breed technology, which is enabled by Softtek’s Business Process Management (BPM), systems integration, as well as data management and analytics capabilities. Softtek provides Global Procurement services for leading organizations in the Energy Management, Aerospace, and Oil and Gas segments. Softtek manages over US\$3 billion annually in direct and indirect spending on behalf of its clients in North America, Latin America, EMEA and Asia.
